17.Skill development:

Yes, we are prepare to communication skill and develope. Capacity building and skills enhancement initiatives taken by the institution include the following

1. Soft skills, 2. Language and communication skills, 3. Life skills (Yoga, physical fitness, health and hygiene), 4. ICT/computing skills

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

Student centric teaching learning resources as per modern pedagogy like, E-books/ E-journal, Cloud based library management system Software, Videos, OPAC, LCD Projectors, Digital cameras have been used effectively.

This is one of the most influential methods of enhancing learning experience. Different subject teachers identify different problems in their subjects and apply abstract thinking coming up with creative solutions. Application of Inductive and Deductive reasoning to solve the problem within a specific context is used in the classroom. In order to solve a problem, students need to define the end goal. This step is crucial to successful learning of problem solving skills. The students are helped to answer the question "What" and "Why" finding the answer to "how". Thus innovations and creativity play important role in teaching learning process.

19. Focus on Outcome based education (OBE): Focus on Outcome based education (OBE):

Outcome based quality education for deprived is the focal point of Pramiladevi Patil Arts and Science College Neknoor. Unless and until the outcomes are identified and stated, it is futile to track, whether the goals have been achieved or not. Hence, the institute has clearly stated the POs, PSOs and COs and displayed it on the

institution's website after consultation with the IQAC committee. These are also communicated to the teachers again and again in various meetings of IQAC. Every teacher then discusses the POs, and PSOs, with the students in the introductory lectures so as to make them understand clearly what they have to do and achieve throughout the course. This helps the students to get rid of the mistaken notion that only passing examinations and achieving degree, certificate is the sole intent of theirs while pursuing respective programmes. They also clearly understand that mere making themselves capable for different works is also not the objective of their pursuance of programmes. They reckon that the aim of the course they are following is to manifest the perfection. They already have and develop deep into themselves in order to make them human in all respects with object of education as Mahatma Gandhi opinion, "Education is the development of 3H-Head, Hand And Heart." This is how the students learn that education is not just the learning of facts; it is rather the training of the mind to think. The institute also periodically makes a course survey to find attainment of the Cos, PSOs, and POs.

Mechanism of internal assessment is transparent and robust in terms of frequency and mode

Continuous Internal Evaluation is the soul of assessment system of the institute. In order to meet the academic progress of students, Periodic tests and Seminars are arranged once in each semester and twice in an academic year. To achieve this end, the evaluation system needs to be vigorous and transparent. Hence there is a provision of registering a complaint in each department if any student finds that justice is not done with him or her. This becomes even more necessary in Science Faculty & practical subjects like Geography and Physical Education. The transparency of the internal assessment is evident due to the following features:-

Schedule of Test/Seminars mentioned in the Academic Calendar.

- Open Book Tests.
- MCQs Tests
- Projects
- Allotment of Specific curriculum part for each semester test/seminar.
- Answer Sheets handed over to the students after assessment.
- Complaint or suggestion section for aggrieved students.
- Freedom to approach the concerned teacher if not satisfied with the result.
- Opportunity for reassessment and recounting if necessary.
- Assistance in synopsis preparation in case of projects.
- Due to transparency there are no grievances about internal evaluation
